Hi Julie – I just wanted to follow up with you on this to let you know that ITSD has created a “homeless” option for intake and discharge living arrangement drop downs, which I think should address your issue on #4.

Subject: Couple Database Questions

1. Intake Screen: The clients that we serve will all be in the maternity home. When we enter their county info is it from the county they are coming from or the county where the maternity home is located?
2. What if a minor client's major parent refuses to give us their financial information?
3. Regarding permanent MO resident status: We have a minor from Nebraska who is residing in the home because her mom “kicked her out”, she does not qualify for A2A funding, correct?
4. When creating the forms based upon the entries needed for the database, under the “living arrangements” drop down, is this where they are moving to? If not, there is no shelter option (which is what all our clients would need).

I think that is it.... For now!
